

All of the food labels (placed on the serving trays) are Jeopardy clues:

This food is a Mexican version of a grilled cheese. (What are quesadillas?)

Careful, this food's name comes from the Latin word for indigestion. (What is crudité?)

This food has more than a feather in its cap. (What are stuffed mushrooms?)

In this case, the devil is in the mayo. (What are devilled eggs?)

This food is a FOWL (Italian). (What is chicken parmesan?)

This food was no half-baked idea. (What are double stuffed potatoes?)

Some people think this is the ultimate Vegan comfort food (What is tomato soup?)

This first made its Sit-A-Pet debut in 2002 and quickly became a favorite of both Claire and Jeff, who fight over the leftovers. (What are Rosemary Scones?)
